Géométrie : La symétrie

- Relis ta leçon « Géo 13 : La symétrie ».
- Puis fais l'exercice suivant :

Ex : Retrouve le symétrique par rapport à l'axe :

The exercises are arranged in a 3x3 grid. Each exercise shows a 5x5 grid with a red vertical axis of symmetry. The left side of the grid contains various shapes (star, triangle, square, circle, arrow). The right side contains a question mark. Below each grid are two options, one of which is circled in green to indicate the correct answer.
